

Helping people find balanced direction for productive lives

Includes helping them understand the gift of who they were created to be and bringing all of who they are into the life path laid out for them by God.

“When you get your ‘Who am I?’ question right, all the ‘What should I do?’ questions tend to take care of themselves.”

Pathways

Helping you discover the life you were meant to live.

“Many people miss out on themselves completely as they journey through life. They know others, they know places, they know skills, they know their work, but tragically, they do not know themselves at all.”

- John O'Donohue

LifeQuality Pathways

Is a proven, personalized 1.5 day retreat designed with no other agenda in mind but you!

A guided discovery process

Where you are opening the door to better self-awareness, God's divine design for you and the life you were meant to live.

"The Pathways retreat helped me discover the unique nature of my personal relationship to God. Greg gently challenged me to consider how God has equipped me to serve his kingdom." (Brian, pastor)

Using a proven process we work with you during a day and a half to:

- Do a personal inventory of what's going on right now in your life.
- Identify strategic turning points in your journey so far
- Build a profile through which to interpret where God has been at work in you.
- Unpack your unique contribution
- Construct your plan for each of the important areas of your life as you move toward God's desired future for you.

All in a day and a half

Because the facilitator is committed to one thing – helping you listen to what is inside of you - what God has already been saying to you – and putting it in your own words.

The facilitator

Rev. W. Gregory Aikins, DMin.

With over 35 years of experience in teaching, training, consulting and pastoral leadership in a variety of settings both in North America and in Europe, Greg brings his unique shepherd's heart and concern for the importance of the individual into every Pathways consult.

"Greg led me through this process with gentleness and patience, making me feel safe, valued and hopeful. He helped me come to a better understanding regarding my past, passions and gifts, and how they all contribute to the larger picture and purpose of my life" (Elvin, missionary)
