

Developing Your Spiritual Relationship
is one of several seminars which are offered
through LifeQuality International.
Each seminar is led by one or more of our
specially-trained facilitators.

Just as the compass points always to magnetic north so we must take our bearings for life from such lasting principles as these:

- Love your neighbor as yourself
- Do to others as you would have them do to you
- Don't judge, and you won't be judged
- Give, and it will be given to you

Most of us are aware of spiritual principles or laws such as these. They may be part of our upbringing. We acknowledge their value, but why is it so difficult to live by them?

Developing Your Spiritual Relationship

***True quality of life is found
when a person discovers and
cultivates a relationship with
the right "center" for living!***

In these four sessions
“Developing your
spiritual relationship”
gives you a wonderful
opportunity to grow
in your spiritual life
and to develop the
most important
relationship of all.

1. God – Who is he? What is he like?

We know that one must work to understand another person in order to develop a relationship with them. In this session we will explore the main characteristics of God from the Bible and learn how we can begin to relate to God.

2. Human beings – Who are we and what are we like?

In this part we'll add to our understanding. Again the Bible will be our guidebook as we seek to answer the questions, “Why do I exist? What is it that hinders me in my relationship with God?”

3. Jesus Christ – Who is he? Why did he come?

Jesus of Nazareth is a person whom most people have an opinion about, but few have read what those who knew him best wrote about him. We will look at the record of the words and work of Jesus in order to answer the above questions.

4. Our response – What must a person do?

God has done something to move closer to us and bring us closer to him. We need to respond. The Bible tells us how.
